About Us

Advancing Project Management throughout the entire state of South Dakota.

It is particularly important for Project Managers to maintain and improve their project management knowledge and skills to stay competitive in the market. PMP certification is a critical component. As the project management discipline steps beyond traditional waterfall approaches, companies seek proficiency in emerging project management methodologies. Training and credentialing in dynamic project management is highly sought among project management professionals as especially relevant in today's economic climate.

Sponsorship Opportunities

The Project Management Institute, with members in 135 countries, is the world's foremost authority for the project management profession. PMI sets industry standards, conducts research, and provides education and certification opportunities designed to strengthen and further establish the profession. Our organization proudly serves all the local and national professionals in the space of Project Management. We currently have thousands of members - over half of whom hold PMI's esteemed PMP certification - and represent nearly 400 unique companies across the globe.

About the PMI SUMMIT

What happens when you bring together 200+ passionate professionals, 25+ virtual attendees, and a full day of leadership, project management, and change-making insights? You get the PMI South Dakota Chapter Summit—an energizing, educational, and community-driven event that empowers professionals to lead with purpose and drive meaningful outcomes.

This year's Summit will be held on Thursday, August 13, 2026, and we're building on the momentum of last year's success. With over 200 in-person attendees and 25+ virtual participants, the event continues to grow as a premier gathering for project professionals across our region.

This Summit is more than just a conference. It's an opportunity for your team members to:

- Network with like-minded professionals across industries.
- Learn from expert speakers on leadership, project and change management, and more.
- Bring back actionable insights to strengthen your organization's strategic initiatives.

Your sponsorship makes this possible. It provides your company with direct, face-to-face marketing access to a highly engaged audience of project management professionals. Our promotional efforts and hybrid format ensure your brand remains visible and impactful throughout the event.

Since 2004, the PMI South Dakota Chapter has served professionals from leading organizations in financial services, healthcare, engineering, government, education, and insurance. With your support, we'll continue to grow, innovate, and give back to the business community.

We invite you to be part of this journey.

Support the 2026 PMI South Dakota Summit and invest in the future of leadership and project excellence.

Respectfully,

Rachel Eite
PMI South Dakota Chapter President
